PROJECT COMPLETE

smartsewer INFRASTRUCTURE UPDATE

WATER MAIN REPLACEMENT & NEIGHBORHOOD SEWER REHABILITATION – 37TH STREET & ROANOKE DRIVE

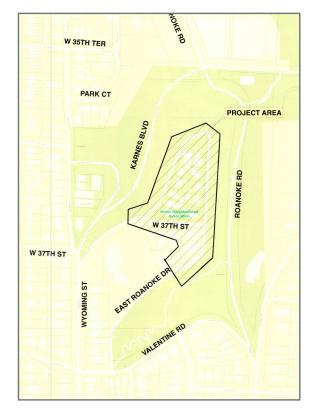

CONSTRUCTION COMPLETED: APRIL 2021 TOTAL CONTRACT AMOUNT: \$9,500,000

KC Water constructed important improvements to the water and wastewater systems in your neighborhood as part of the Turkey Creek and Central Industrial District Area 2 Neighborhood Sewer Rehabilitation Project. This project rehabilitated water and sewer mains, water valves, fire hydrants, service lateral connections, and manholes in your area to like-new conditions. Now complete, the project has improved water and wastewater service reliability, and reduced the volume of water main breaks, sewer overflows, and potential for basement backups.

PROJECT AREA

THIS PROJECT IS LOCATED WITHIN THE TURKEY CREEK BASIN. THE BOUNDARIES ARE:

- NORTH/WEST: KARNES BOULEVARD
- SOUTH: E. ROANOKE DRIVE
- EAST: ROANOKE ROAD

WATER MAIN REPLACEMENT & NEIGHBORHOOD SEWER REHAB — 37TH ST. & ROANOKE DR.

WHAT WORK WAS DONE?

This project rehabilited and/or replaced approximately:

- 2,100 linear feet of water mains
- 19 water service transfers
- 7 water valves and 5 fire hydrants

- 700 linear feet of sewer mains
- 19 service lateral connections
- 2 manholes

WHO DID THE WORK?

KC Water was assisted by its program manager, Burns & McDonnell; its design professional, Black & Veach; and it's construction contractor, Kissick Construction.

WHAT'S THE "CONSENT DECREE"?

In 2010, the City of Kansas City, Missouri entered into a federal Consent Decree with the United States Environmental Protection Agency to reduce the volume of overflows from the City's sewer system. KC Water's Smart Sewer program is a 30-year effort to address this challenge. The Turkey Creek and Central Industrial District Area 2 Neighborhood Sewer Rehabilitation Project was one of more than 100 projects being implemented by the Smart Sewer program, and was required by the Consent Decree to be completed by April 30, 2021.
